Dear Mr. Krishnan:

MSHA reviewed your application with Company Code Number PHMH03 and dated April 6, 2012, for MSHA acceptance of the CHP 101 hose cover.

This construction and the information provided meet the requirements of the Standard Application Procedures for Acceptance of Flame-Resistant Solid Products Taken into Mines.

The following requirements apply to this acceptance:

1. Acceptance Marking No. "**MSHA IC-256/2**" must be permanently marked on the product with letters at least 1/4" high and at intervals not exceeding 3 feet. Other types of permanent markings may be used with prior approval of MSHA.
2. The nominal, accepted range of material thickness is 2 mm.
3. You are obligated, as the manufacturer, to maintain the quality of the product to assure the requirements of this acceptance are being met.
4. Any change in product composition or in any other factors that may affect this acceptance must not be made without prior authorization from MSHA.
5. We have the right to revoke this acceptance for cause at any time.
6. MSHA accepts this product as cover on the following types of hose: hydraulic, air, and water hose.
7. **The material is not accepted as cover for fire suppression hose.**
8. We must be notified of any transfer of production or ownership of this product.

An invoice for the cost of processing this action will be forthcoming.

If you have any comments or questions relative to this letter, please refer them to David Creamer at 304-547-0400.

Sincerely,

John P. Faini
Chief, Approval and Certification Center
